How to join ADG's Discord channel?

Use the following link to join the ADG Discord Channel: https://discord.gg/J9pZ3778.

How does Discord chat work?

Each server on Discord has both text and voice channels. Text channels allow people to type messages to each other, while voice channels let people use the microphone and speakers on their device to talk to each other. Videos can also be shared over Discord Channels. Channel Owners and Moderator can regulate the permissions and people in

the channel to maintain proper decorum in the channel and avoid inappropriate behavior.
